## Yulee High School Navy National Defense Cadet Corps

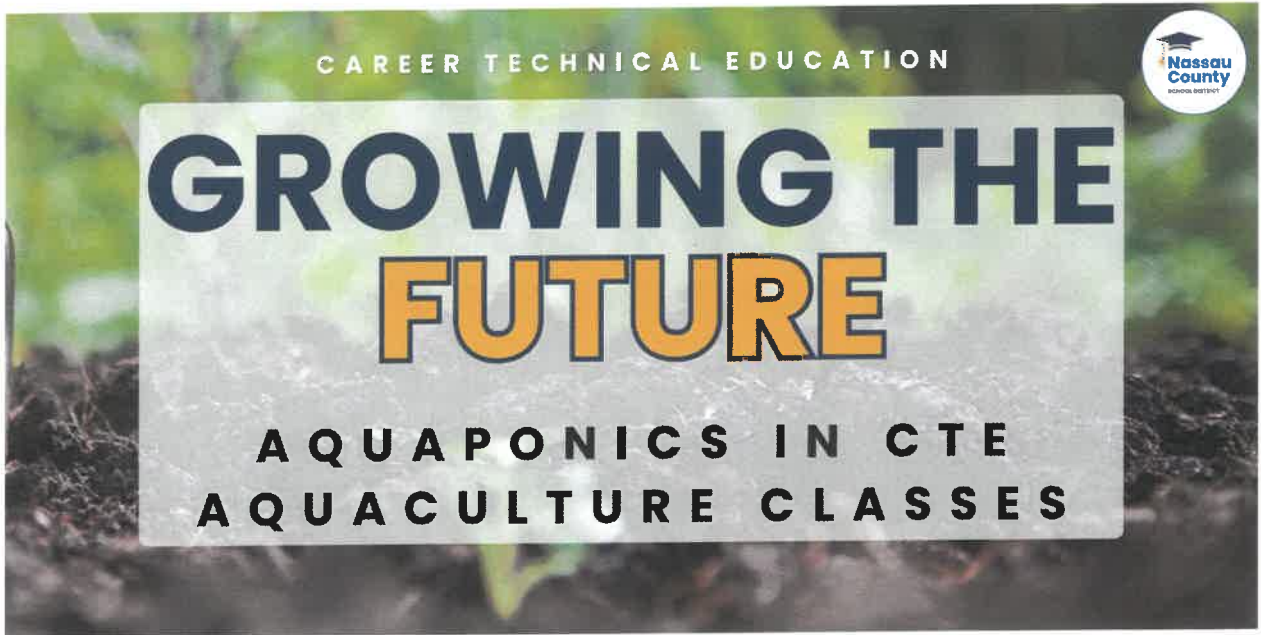

## 911 Telecommunications Dispatch

Brooke is the first person to complete the 911 Telecommunications Dispatch Integrated Education and Training (IET) Program with the Nassau County School District. Brooke completed the 232-hour program under the instruction of Sharon Elliott, in partnership with the Nassau County Sheriff's Office, which provided hands-on learning, ride-alongs, and real-world instruction.

Brooke is now focused on earning her GED and plans to participate in graduation in May. Her accomplishment represents an important milestone for the Adult Education IET program.

safety

# Arts Millage Impact Across Nassau County Schools

**Vicki Grubbs**  
Yulee Primary School Principal

"Through the funding provided, every student at our school was able to participate in a weekly art class for the entire year, ensuring equitable access to high-quality arts education."

**Melissa Johnson**  
Callahan Elementary School

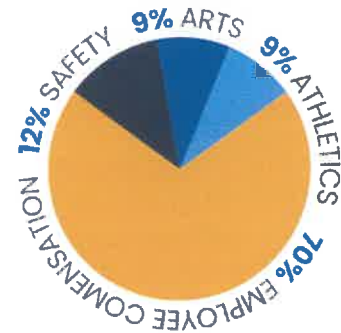

"The millage funds are not simply covering costs; they are directly contributing to students' ability to think creatively, express themselves, and develop foundational skills that will carry into all areas of learning."

**Richard Pearce**  
West Nassau High School

"Millage funding has provided students access to resources and opportunities that strengthen creativity, performance, and pride in the arts."

**John Crawford**  
Hilliard Middle-Senior High School Principal

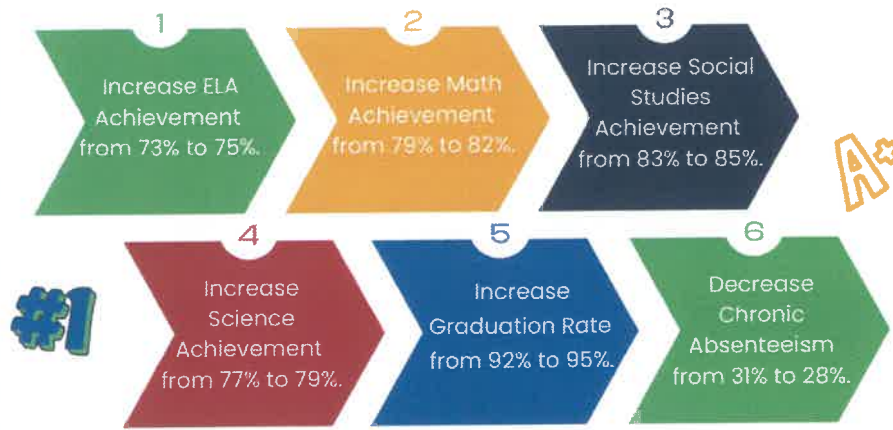

"These funds have enhanced our students' educational experience by exposing them to state-of-the-art materials and instruments they would have never had access to before the arts millage."
